

FREE ESTIMATES

I'd love to stop by and take a look at your home. I am happy to provide a free estimate for your project within 24 hours. Give me a call anytime!

RECOMMENDED

Most of my business comes from referrals. I'm also recommended on Angie's List, a nationwide service where homeowners share their reports and reviews on local service companies.

Visit angieslist.com to read my reviews.

ABOUT ME

I offer you 13 years of professional painting experience encompassing interior and exterior, from new construction to repairs and repaints on 100-year-old houses.

I have worked in all areas of painting, from drywall to cedar siding and plaster.

INTERIOR PROJECTS

Projects involving trim, drywall, plaster, or wood-finishing, there really isn't a material that I haven't worked with indoors.

Leaving a clean worksite with a professional finish is my goal inside.

re-finishing stairs

plaster repair

EXTERIOR PROJECTS

The first impression people get of your home is its curb appeal. Whether it's the windows, front door and facade, brick, siding or fence, I'll leave you with a long-lasting, beautiful paint job your neighbors will be jealous of.

RESPONSIBLE PAINTING

Responsible painting starts deep in the wall, and ends with two coats of paint that will stand up to their environments. I take part in responsible disposal of materials and use of environmentally friendly products.

Current product knowledge and using the proper patching and painting techniques is a key to me in providing a great paint job that lasts for years.

SAFETY & INSURANCE

I carry liability insurance to protect my customers and myself in the event of an accident.

Working safely on roofs, ladders and inside homes has kept me accident-free for 13 years.

REPAIRS

Over time, weather can cause a lot of damage to exterior woodwork, front doors, foundation walls and plaster.

I take pride in fixing damaged areas and leaving a permanent solution that looks great.
